Creativity starts NOT at home
Not through the phone, and not alone
By listening to me, you will see
That you'll start thinking creatively

Take a chance, take a shot
Sit and reminisce on your thoughts
But when you're done
You'll see that you'll start to rot!

Now, try and listen to me
And you'll see, how to think creatively
Now give me a try, and see how it goes
Show me the heart's color; anything but GREEN
Red, yellow, blue and green!
Green is not thinking creatively
Green is the color of jealousy
But why be jealous, when you have me?

Red, blue, orange, green
Green is not a creative color
We were born 'creatively'
Green is not a creative color
Yellow, black, white, green
Green is not a creative color
Why doesn't anyone kill me?!
Green is not a creative color

Stop all of your thinking
And start listening to me
Trust me, you'll be set free
With that, we'll think creatively

The TV is truly God
Don't question me, it's not odd!
Quit complaining, listen to your heart
It was wrong from the start
Stop all of your thinking
And start listening to me
Trust me, you'll be set free
With that, we'll think creatively
Asking, thinking, thoughts and hopes
Hope. Hope? Hope! Nope.
It will be too late by now!
Now you time has run out!!

Creativity's a waste of time
Keeping your mind on lock
Look at your future; it's your time
Hurry up! The clock's gonna stop!

Now take a minute
Now take an hour
Now take a day
Let time slip away.

Do you see what we can achieve?
Do you now finally agree?
To be creative, you'll need me
I'll be your reason of thought; your sanity!

Red, blue, orange, green

Green is not a creative color
We were born 'creatively'
Green is not a creative color
Yellow, black, white, green
Green is not a creative color
Why doesn't anyone kill me?!
Green is not a creative color

Creativity's a waste of time
Keeping your mind on lock
Look at your future; it's your time

Understanding the use of time and space
"It's really messing up my brain!"
Well no time for dilly dally
For this next lesson, you must stay sane!
Time and space are things to use
Hopefully this song will give you your noose
Understand that time's not fair
Everyone hates you, from your heart; to your hair

As time goes around your clock
You'll notice that time won't stop
Depression in your heart will be locked
Keep it, use it, hold it, kill it
But never shall you embrace it
Time's being wasted, and life isn't fair!
Now, I'm quite bothered; go elsewhere!

Stop all of your thinking
And start listening to me
Trust me, you'll be set free
With that, we'll think creatively
The TV is truly God
Don't question me, it's not odd!
Quit complaining, listen to your heart
It was wrong from the start
